SHORT BOOT THROAT STYLER

This machine was designed to iron the short boots throat while opening the seams, and making a slight shaping on the outside throat edge by giving elegance to the boot.

The machine has two hot stations for pre-shaping and softening the throat and one cold station to stabilize the shape.

- Easy replacement of shaping tools according to boot shape.
- The opening between the shaping tools is very easily differentiated depending on the throat's size.

Technical Data

OPERATION	Electric - Pneumatic
PRESSURE	6 Bar
VOLTAGE	230V single phase 50Hz
POWER CONSUMPTION	1100 W
CAPACITY	1100 pairs per 8 hours
DIMENSIONS (mm)	780 X 651 X 1616
WEIGHT	220Kgs
